

SafeChoice Carpet Shampoo

**PRODUCT NUMBER AND
CONTAINER SIZE**
61210 Qt/61110 Gal

DESCRIPTION: SafeChoice® Carpet Shampoo is an odorless, dye free rug and carpet shampoo. It is both a strong cleaner and odor remover yet safe even for the chemically sensitive. It contains no harmful chemicals like ammonia, butyl ethers, alcohols, phosphates, caustics or acids. It is not toxic, non-corrosive, non-flammable and biodegradable. It does not irritate hands or skin.

SafeChoice Carpet Shampoo is designed to be used in conjunction with SafeChoice Carpet Seal (to seal carpet backing) and SafeChoice Lock Out (to seal carpet fibers and repel dirt and stains). This three part system helps to clean out and seal in the irritating chemicals found throughout a typical carpet. SafeChoice Carpet Shampoo is also highly effective when used individually as a carpet shampoo.

USE ON: Although SafeChoice Carpet Shampoo is generally suitable for synthetic carpets and rugs, because of variations in materials and production processes used by different manufacturers, you should always spot test to insure compatibility with your carpet. Wool fibers generally do not react well to water based products, so SafeChoice Carpet Shampoo is not recommended for wool.

DILUTION RATE PER GALLON OF WATER:

Light cleaning - 3 fluid ounces.

Medium cleaning - 5 fluid ounces.

Heavy cleaning - 8 fluid ounces.

One gallon of diluted solution will clean approximately 300 square feet.

APPLICATION: SafeChoice Carpet Shampoo should be applied using a hand-held pump sprayer. One similar to a garden sprayer is most effective. Prior to application vacuum carpet thoroughly. Using the applicable dilution rate specified above, spray the carpet evenly, saturating the surface. Allow the shampoo ten minutes to fully penetrate. Then extract the shampoo with very clean, very hot water. By extracting with only clean, hot water the carpet is not only cleaned more effectively but the removal of residue from prior cleanings is accomplished. While the foregoing procedure yields the best results, SafeChoice Carpet Shampoo may also if desired be added to any shampooing or carpet cleaning machine.

LIMITED LIABILITY: Liability, whether express or implied, is limited solely to replacement of product shown to be defective when applied in accordance with instructions and shall under no circumstances include liability for labor costs or consequential damages. It is the user's responsibility to determine the suitability and safety of the product for its intended use. This limited warranty may not be modified or extended by manufacturer's representatives, distributors, or dealers of AFM products. We particularly recommend that users always test in small inconspicuous areas before application to the entire surface.

ADVANTAGES / SIGNIFICANT BENEFITS:

- Odorless, non-offensive to user and occupant.
- Especially welcomed by professional cleaners and occupants of enclosed, centrally-ventilated buildings where occupants are subject to the effects of all toxic discharges within the building, including those from building and maintenance products.
- When used in conjunction with SafeChoice Carpet Seal and SafeChoice Lock Out, provides a unique system for reducing the effects of carpet toxicity.
- Safely used by and for the chemically sensitive.
- Reduces indoor air pollution from soiled carpets.

CLEAN UP: Clean tools and equipment with clean water.

LIMITATIONS: Not recommended for wool. Water cleaning of wool tends to shrink the fabric and, due to natural fiber absorption, can pull dirt back into the fibers. Always spot test carpet in an inconspicuous location for color fastness and compatibility. When using carpet products it is advisable to put small squares of aluminum foil under the furniture legs until carpet is thoroughly dry.

HEALTH PRECAUTIONS: As with all cleaning products, keep container tightly closed and out of the reach of children. Do not ingest. If swallowed, drink two (2) glasses of water to dilute. In case of eye contact, flush immediately with plenty of water for 15 minutes. If you are chemically sensitive, always test for personal tolerance.

PHYSICAL DATA:

Physical Description:	Clear, light yellow, odorless liquid
pH	9.5
% Volatile by Weight:	N/A
Solubility in Water:	Complete
VOC Material less H2O:	zero
HAP's (Hazardous Air Pollutants)	zero

If you are chemically sensitive, always test for personal tolerance.
